President Message

Dear Friends,

It's time for that part of the year when we reflect deeply on our Arthroplasty practice. Indian Society of Hip and Knee Surgeons (ISHKS) is proud to present its 17th Annual meeting. Year after year we have evolved as a stronger Arthroplasty community. We have now become a formidable force in the global scenario.

This year the ISHKS meeting is in the beautiful city of Kolkata at the fantastic venue of ITC Royal Bengal on 5th, 6th & 7th April 2024. While we will enjoy great comradery, I also promise we will poke you with some provocative conversation on the present and the future of the art and science of Arthroplasty.

We will have the pleasure of hosting the American Association of Hip and Knee Surgeons (AAHKS) and Arthroplasty Society of Australia (ASA) along with a few distinguished friends from the United Kingdom and from our own neighborhood of southeast Asia. The Scientific committee has put in an exemplary program for all of us to relish.

Look forward to seeing you at Kolkata and furthering the cause of science.

Warm regards

Sharan S Patil
President, ISHKS

Organising Team Message

Dear Friends,

It is our pleasure to invite you to the 17th Annual Conference of Indian Society of Hip and Knee Surgeons ISHKS from April 5th – 7th, 2024 at ITC Royal Bengal, Kolkata.

Kolkata, renowned for its majestic colonial architecture, vibrant art scene, and rich cultural heritage, offers an inspiring backdrop for our conference. As the birthplace of icons such as Mother Teresa and the revered spiritual leader Swami Vivekananda, Kolkata is steeped in history and spirituality, making it a fitting location for our gathering.

The Conference will feature 5 replacement live surgeries covering the recent advances in arthroplasty transmitted live. These surgeries will be performed by renowned National stalwarts in Arthroplasty, who will share their wealth of experience and tips on avoiding complications and improving patient outcomes. We are proud to have our international associates American Association of Hip and Knee Surgeons (AAHKS), Arthroplasty Society of Australia (ASA) participating in our conference.

Beyond the conference sessions, Kolkata beckons with its diverse cultural tapestry and rich heritage. Whether you choose to explore its iconic landmarks like Belur Math and Mother House, immerse yourself in its bustling streets, or indulge in its culinary delights, Kolkata offers something for everyone.

Calcutta as it was previously known has been the seat of education even during the British Raj and is home to the oldest medical college in Asia the "Calcutta Medical College".

We extend a warm invitation to students, colleagues, and professionals to join us in this stimulating academic endeavour. Let us come together to learn, collaborate, and forge meaningful connections that will propel our field forward.

We eagerly anticipate your presence at the 17th Annual ISHKS Conference in Kolkata. Please feel free to share this invitation with your peers and colleagues.

Warm regards
