Organizing Team - Sunshine Hospitals

Dear Friends,

The organizing team of ISHKS-2020, would like to extend a warm invitation to everyone for, next year's conference to be held in Hyderabad. The planning and arrangements for the meeting are in full swing. Ramoji film city has been finalized as the venue. It's a 1600 acre campus, which attracts over 5000-7000 visitors a day. The ground work has been laid down for a robust scientific session. We want to introduce many new avenues of learning for the delegates, which have been mentioned in the infographic below. The aim of the meeting is to reinforce your foundational basics and update your knowledge, regarding all the latest in the field of arthroplasty.

Thirteen senior and noted International faculty have confirmed their participation in the ISHKS 2020 conference. These faculty are from all over the world and represent leading Arthroplasty organizations like the American Association of Hip and Knee Surgeons (AAHKS), the European Knee Society (EKS) to name a few. Do not miss the opportunity to interact with and learn from the best International and National faculty in the field of Arthroplasty!
